

IN THE SUPERIOR COURT OF BRYAN COUNTY
STATE OF GEORGIA

JOSHUA LANIER,

Plaintiff,

v.

CITY OF RICHMOND HILL, GEORGIA,

Defendant.

CIVIL ACTION NO. SUV2023000398

**SUPPLEMENTAL MEMORANDUM IN SUPPORT OF APPLICATION
FOR ATTORNEY’S FEES, REIMBURSEMENT OF EXPENSES AND
SERVICE AWARD TO CLASS REPRESENTATIVE**

Counsel, James L. Roberts, IV of Roberts Tate, LLC and John Manly of Manly Shipley, LLC, who represent Plaintiff Joshua Lanier (“**Named Plaintiff**”), individually and on behalf of all persons similarly situated (“**Class Counsel**”), respectfully submits this Supplemental Memorandum of Law in Support of Application for Attorney’s Fees, Reimbursement of Expenses and Service Award to Class Representative (the “**Application**” or the “**Motion**”) representing to the Court as follows:

I. Factual and Procedural Background

Class Counsel incorporates and restates as if set forth verbatim herein the facts and procedural background detailed in that certain Unopposed Motion and Supporting Memorandum of Law for Final Approval of Class Action Settlement filed contemporaneously herewith (“**Final Approval Motion**”), including, but not limited to, those factual assertions concerning the Parties’ proposed settlement including the procedural posture related to approval of the proposed settlement.

II. The Court should Grant the Attorney's Fees, Expenses and Service Award Application

A. Requested Attorney's Fees and Expenses and Class Service Award

Class Counsel likewise incorporates and restates as if set forth verbatim herein its argument asserted in support of its requested fees and expenses and the class service award in its Application for Attorney's Fees, Reimbursement of Expenses, and Service Award filed with the Court on May 18, 2026 ("**Application for Attorney's Fees**"). As discussed therein, application of the *Camden I* factors supports the requested fee, the expenses incurred in the litigation of this case are reasonable and should be reimbursed, and the requested class service award is justified. *See* Application for Attorney's Fees, generally.

B. Notice to the Class Members

On April 30, 2026, the Court signed a Preliminary Order granting Named Plaintiff's and Defendant City of Richmond Hill, Georgia's ("**Defendant**" or the "**City**") Second Joint Motion and Supporting Memorandum of Law for Preliminary Approval of Class Action Settlement (the "**Second Preliminary Approval Order**"). Dkt. No. 93. In the Second Preliminary Approval Order, the Court scheduled a final approval hearing (the "**Final Approval Hearing**") for July 1, 2026. *Id.* at ¶10. The Second Preliminary Approval Order indicated that at the Final Approval Hearing the Court would determine, among other things, Class Counsel's request for an award of attorney's fees, expenses and service award. *Id.*

The Court further directed that notice of the parties' proposed settlement and the Final Approval Hearing be provided to the proposed class, notice be mailed to the prospective class members (the "**Full Notice**"), notice be published in the Bryan County News (the "**Publication Notice**"), and a webpage be created (the "**Settlement Webpage**") providing information about the

lawsuit and the proposed settlement (collectively the “**Notice Program**”). *Id.* at ¶12-18. The prospective class members were advised through such Notice Program that Class Counsel would seek approval for an award of attorney’s fees and expenses and that at the Final Approval Hearing the Court would determine, among other things, Class Counsel’s request for an award of attorney’s fees and expenses. *Id.* at ¶10.

In the Second Preliminary Approval Order, the Court ordered that prospective class members objecting to Class Counsel’s request for an award of attorney’s fees, expenses, and service award follow specific procedures to register such objections for the objection to be considered by the Court. Prospective class members were advised of these objection procedures in the Full Notice. *Id.* at ¶19. The Full Notice further advised prospective class members that the same day the Application for Attorney’s Fees, Reimbursement of Expenses and Service Award was filed with the Court it would be posted on the Settlement Webpage for prospective class members to review and download. *Id.* at ¶12. Through the Notice Program, prospective class members were instructed that for an objection to be considered by the Court it had to be postmarked on or before June 1, 2026. *Id.* at ¶19.

C. Execution of the Notice Program

Each facet of the Notice Program was timely and properly accomplished. Publishers Affidavit, attached hereto as **Exhibit “1”**; Administrator Affidavit, attached hereto as **Exhibit “2”**. The Full Notice was mailed to the prospective class members identified in Exhibit A to the Administrator’s Affidavit to their last known addresses as appearing on the records maintained by the City on or before May 15, 2026. Ex. 1 at ¶2. M. Eight Thousand One Hundred (8,100) Full Notices were mailed. *Id.* S The Publication Notice was placed in the Bryan County News on May 7, 2026, May 14, 2026, May 21, 2026, and May 28, 2026. *See* Ex. 1. .

The Settlement Webpage was created providing information about the lawsuit. *See* RichmondHillFireFeesSettlement.com. The Settlement Webpage contains the Second Preliminary Approval Order, the proposed Order and Judgment memorializing the parties' settlement, the Full Notice, and other related documents and information concerning the lawsuit. The Settlement Webpage also contains the date of the Final Approval Hearing. Ex. 1 at ¶3.

The Application for Attorney's Fees, Reimbursement of Expenses and Service Award was filed with the Court on May 18, 2026. Dkt. No. 96. Thereafter the Application for Attorney's Fees, Reimbursement of Expenses and Service Award was posted on the Settlement Webpage. Ex. 2 at ¶3a

D. Class Member Reaction to the Request for Fees, Expenses and Service Award

The period for filing timely objections ended on June 2, 2026, and the reaction of the prospective class members has been overwhelmingly positive. Dkt. No. 93 at ¶19. Notably, the sole objection was filed by Thompson, O'Brien, Kappler & Nasuti, P.C. ("TOKN") on behalf of a Bryan County Commissioner, a Bryan County Commissioner's wife, and an entity who the managing member is a Bryan County Commissioner. (the "Bryan County **Objectors**").¹ *See* May

¹ TOKN is a law firm and Carter Infinger and EJWJ Properties, LLC's managing member, William Wallace, are Bryan County Commissioners. Karen Infinger is the spouse of Commissioner Infinger. All of the aforementioned have a significant conflict of interest in this action. Indeed, as this Court is well aware, Bryan County, Georgia is currently engaged in a class action lawsuit in which it and its Commissioners are attempting to defend the County's own illegal taxation of its citizens through the imposition of a similar "fire fee" aimed at raising revenue to support Bryan County's fire department and firefighting services provided in the unincorporated areas of the County. *See Steven Morgan, et al. v. Bryan County*, SUV2023000371, Superior Court of Bryan County, Georgia. TOKN represents Bryan County in such action and further represents several other local governments (Randolph County, Georgia, Sumter County, Georgia, and Augusta-Richmond County, Georgia) in similar class actions challenging local government assessment of so called "fees" as illegal taxes. *See Thomas Bonner, et al. v. Randolph County, Georgia*, Civil Action No. SUCV2026000020, Superior Court of Randolph County, Georgia; *Alex Harrell Farms, LLC v. Sumter County, Georgia*, Civil Action No. 26CV00028, Superior Court of

27, 2026, Objection, generally. Specifically, the Objector’s argue Class Counsel’s requested fee of forty (40%) of the proposed settlement amount is unreasonable; request this Court disallow reimbursement of certain fees incurred; and claim no service award should be granted to Named Plaintiff as service awards are “illegal” under *Eleventh Circuit* precedent. *Id.*, generally.

First and foremost, following the parties’ revisions to the class definition (as outlined in the Final Approval Motion), the Bryan County Objectors are simply not members of the proposed class and lack standing to object to any aspect of the parties’ proposed settlement, including any award of attorney’s fees, expenses, or a service award. *See In re Domestic Air Transp. Antitrust Litig.*, 148 F.R.D. 297, 342–43 (N.D. Ga. 1993) (“Because the government entities are not within the definition of the class and are not appearing on behalf of class members with regard to this objection, they have no standing to bring the objection.”); *Gould v. Alleco, Inc.*, 883 F.2d 281, 284 (4th Cir. 1989) (“The plain language of Fed.R.Civ.P. 23(e) clearly contemplates allowing only class members to object to settlement proposals.”); *Mashburn v. National Healthcare, Inc.*, 684 F. Supp. 660, 673 (M.D. Ala. 1988) (where objectors argued that they should be included as members of the class, court held that they were without standing to object to the settlement and are not barred or affected by it); *Seiffer v. Topsy’s Int’l, Inc.*, 70 F.R.D. 622, 627–28, n. 5, 6 (D. Kan. 1976) (objectors lacked standing to object to settlement agreement because they were not members of the class). For this reason alone, the Court should disregard the Bryan County Objectors’ May 27, 2026, Objection.

Moreover, even if considered, the Bryan County Objectors’ arguments in opposition to Named Plaintiff and Class Counsel’s request for attorney’s fees, expenses, and a class service

award are without merit or otherwise unopposed by Named Plaintiff and Class Counsel. Starting with the Bryan County Objectors' claim that Class Counsel's request for a fee equal to forty percent (40%) of the proposed settlement amount is unreasonable, the Bryan County Objectors argue that (1) the "benchmark" percentage fee award is twenty-five percent (25%) and (2) the *Camden I* factors weigh in favor of reducing the award as Class Counsel's time invested in this action does not warrant the requested award. *Id.*, generally. As an initial matter, Class Counsel asserts that the benchmark in the instant type of action- a class tax refund action where it is an all or nothing case which turns on a legal issue- that 40% is the standard. *See VTAL Real Estate, LLC v. Mayor and Aldermen of the City of Savannah*, SPCV21-00789-CO, Superior Court of Chatham County, Order on Attorney's Fees and Service Award (Sept. 15, 2023) (approving 40% attorney's fee on from \$3,500,000 common fund; *Robert E. Emanuel County*, 25CV00072, Superior Court of Emanuel County, Order on Attorney's Fees and Costs and Service Award (November 5, 2025) (same); and *Bobby Black v. Garden City*, SPCV25-01358, Superior Court of Chatham County, Order on Attorney's Fees and Costs and Service Award (June 9, 2026)(same), copies of which are attached as Exhibit C to the Application for Attorney's Fees. Moreover, 40% is the standard contingent fee agreement for individual actions in this market. See Application for Attorney's Fees, Ex. A at ¶50.

In making such arguments, however, the Bryan County Objectors largely fail to address Class Counsel's arguments made in support of the requested fee in its Application for Attorney's Fees. See Application for Attorney's Fees at Section III(A)(ii). For the sake of brevity, those arguments are incorporated herein and sufficiently demonstrate that the *Camden I* factors weigh in favor of the requested fee.² And while twenty-five percent (25%) is certainly presumed

² Bryan County Objectors contend there is a discrepancy in the number of hours Class Counsel spent on this action, noting Class Counsel James L. Roberts, IV testified in a prior 2025 affidavit that Roberts Tate, LLC's hours totaled not less than 319 hours but then averred in his affidavit in support of the Application for Attorney's Fees that Roberts Tate, LLC expended not less than 317.2 hours. See May 27, 2026, Objection at p. 3. There is, however, no discrepancy. The Bryan County Objectors simply misread the relevant affidavits. The 319 hours referenced by the Bryan County Objectors appears in Mr. Roberts' December 30, 2025, Affidavit in support of a prior application for attorney's fees. See December 30, 2025 Application for Attorney's Fees, Ex.

reasonable in the Eleventh Circuit, as discussed in Named Plaintiff's Application for Attorney's Fees, awards in excess of such benchmark are consistently approved when warranted by the *Camden I* factors.³

Next, the Bryan County Objectors' argument that class service awards are "illegal" in the Eleventh Circuit is wholly without relevance here. Yes, the Eleventh Circuit Court of Appeals recently held that two Supreme Court cases from the 1880s "prohibit" incentive awards that "compensate[] a class representative for his time and rewards him for bringing a lawsuit." *Johnson v. NPAS Solutions, LLC*, 975 F.3d 1244, 1260 (2020). But the *NPAS Solutions* decision, Georgia federal courts have recognized, does not apply in diversity jurisdiction cases where the underlying claims arise under Georgia law because "Georgia law allows for service awards to class

A, ¶19, Dkt. No. 84. Such 319 hours included the *combined* hours spent as of that date by *both* the law firms of Roberts Tate, LLC and Manly Shipley, LLP. *Id.* The 317.2 hours referenced by the Bryan County Objectors, on the other hand, appears in Mr. Roberts' May 18, 2026, Affidavit in support of Class Counsel's currently pending Application for Attorney's Fees and includes *solely* the hours spent by Roberts Tate, LLC as of May 18, 2026. Dkt. No. 96, Ex. A at ¶54. Additionally, John Manly submitted an affidavit in connection with the current Application for Attorney's fees indicating his firm had spent over 170 hours on this matter as of the May 18, 2026, representing an increase of 168 hours in the total time. Dkt. No. 96, Ex. D at ¶11.

Sept. 13, 2023) (approving a service award of \$87,500 for the class representative to be paid from a common settlement fund of \$3,500,000); *Anderson v. Chatham Cnty.*, No. SPVC21-01165-CO, 2024 Ga. Super. LEXIS 3210, at *15 (Ga. Super. Ct. Mar. 1, 2024) (approving a service award to the class representative in the amount of \$18,750.00 from an aggregate fund of \$750,000). Thus, service awards, contrary to the Bryan County Objectors’ representations, are permissible under Georgia law, and for the reasons set forth in the Application for Attorney’s Fees, the 2.5% service award requested in this case is appropriate and should be awarded.

Finally, the Bryan County Objectors claim that a handful of expenses incurred by Class Counsel are unreasonable; namely, \$1,267.82 for a roundtrip Delta Airlines ticket to Atlanta, Georgia and associated hotel room and car rental and \$24,300 associated with sending a second round of notices to the prospective class members and counsel’s lunch cost of \$52.07 on March 12, 2025 following a settlement meeting. *See* Dkt. No. 97 at p. 9. Such expenses were, however, reasonably incurred. The second round of notices was necessary, as detailed in the Final Approval Motion, to address deficiencies discovered with the first round of notices. *See* Final Approval Motion at pp 18-19. And the Atlanta expenses were incurred after Class Counsel discovered Aaron Kappler, the Bryan County Objectors’ counsel, was travelling to Atlanta, Georgia and testifying

before and petitioning the Georgia Legislature to amend O.C.G.A. § 48-5-380 (the “**Refund Statute**”) to disallow class actions seeking a refund of illegally assessed taxes with such amendment applying to this action. See State and Local Government Operations Committee Hearing, March 2, 2026, beginning at 1:45:40, <https://vimeo.com/showcase/12014138?video=1169678148>; Judiciary Committee Hearing, March 5, 2026 beginning at 10:04, <https://www.youtube.com/watch?v=ptMCPhOJnIE&t=513s>. See also June 24, 2026 Aff. of James L. Roberts, IV at ¶40, attached hereto as **Exhibit “3”**. Upon learning of this effort to change the rules of the game during the game, Class Counsel likewise travelled to Atlanta, Georgia to represent the interests of Georgia’s taxpayers and the members of the class at issue on the importance of preserving the right to seek refunds on a class basis under the Refund Statute. Ex. 3 at ¶40. This action and the settlement proposed herein at the time being the most hotly contested by Aaron Kappler and his clients, it seemed the most appropriate in which to bill the expenses associated with Class Counsel’s trip to Atlanta, Georgia. *Id.* Nonetheless, Class Counsel has no opposition to the Court declining to approve a reimbursement of the referenced expenses the Bryan County Objectors claim are unreasonable if it determines such action to be in the best interests of the prospective class members.⁴ Ultimately, the legislature did not change the rules...

⁴ It bears addressing one additional specific claim made by Bryan County Objectors’ – that the proposed payment structure whereby Class Counsel’s fees are deducted and paid from the common fund before the prospective class members receive any payout, thereby purportedly delaying any payment to the proposed class for a year, is an “absurd” result. See May 27, 2026, Objection at p.6. Contrary to the Bryan County Objectors’ emotionally charged allegation that “the injured parties’ receipt of the refund...is delayed by almost a year by the payment to [Class] [c]ounsel”, *id.*, the timing of the anticipated settlement payments to the prospective class members is not in any way delayed or otherwise impacted by the payment of Class Counsel’s fees and expenses. Indeed, irrespective of when Class Counsel receives its fees and expenses, if the proposed settlement is approved, no payments will be made to the prospective class members until

Class Counsel's requested fees and expenses and class service award therefore being reasonable, there being no other objections filed by anyone other than the Bryan County Objectors, and the reaction of the prospective class members to Class Counsel's request for an award of attorney's fees, expenses and service award has been positive, the Court should therefore approve such requested fees, expenses, and service award. Ex. 3 at ¶28.

E. Updated Litigation Expenses and Time Incurred

Since the Application for Attorney's Fees, Reimbursement of Expenses and Service Award to Class Representative was filed with the Court on May 18, 2026, Class counsel has incurred additional litigation expenses and costs for a total amount of \$922.96 bringing the total expenses to \$55,123.41. *Id.* at ¶41.⁵ This sum corresponds to certain actual out-of-pocket costs and expenses that Class Counsel necessarily incurred and paid in connection with the prosecution and settlement of this Lawsuit. Ex. 3 at ¶41. The total number of hours devoted directly to this action by class counsel is at least 679 hours. *Id.* at ¶42.

after all settlement funds have been paid by the City on or before January 10, 2027. *See* proposed Order and Judgment at Sections H-K, Ex. 1 to Final Approval Motion. This is simply because it is more efficient and cost effective to make one (1) full and final settlement payment to each class member as opposed to calculating, issuing, and mailing settlement checks and incurring the administrative costs and expenses associated therewith each time the City makes a settlement payment as contemplated by the proposed settlement. Additionally, under the proposed settlement, the Administrator must identify the class members entitled to refunds and determine the amount of refunds. *Id.* at H. In all likelihood, such determination will not be made until after the January 10, 2027 Final Refund Payment. Finally, it is commonplace for Class Counsel fees to be paid prior to any payout to the class members. *See, e.g., NPAS Solutions, supra* (although remanding on other grounds, taking no issue with settlement's fee-first payment structure whereby class counsels' fees and expenses would be deducted before class members received any payout); *Carpenters Health & Welfare Fund v. Coca-Cola Co.*, 587 F.Supp.2d 1266 (2008) (noting approval of a settlement under which the \$137.5 million settlement fund would pay administrative costs, attorneys' fees and expenses, and then "the remainder [would] be paid to class members in damages").

⁵ Should the Court find that the cost of the second notice and Atlanta expenses were not reasonably incurred the total amount of expenses would be \$25,503.52.

CONCLUSION

For the reasons set forth herein and in Class Counsel's Application for Attorney's Fees, Reimbursement of Expenses and Service Award to Class Representatives filed on May 18, 2026, Class Counsel requests that the Court grant its Application for Attorney's Fees, Reimbursement of Expenses and Service Award to Class Representative.

You are a member of the Class if you are or were a Richmond Hill, Georgia taxpayer and were assessed and paid Fire Fees at any time between November 7, 2018, and the date of final approval of the proposed Settlement and you are not an attorney or law firm representing any Georgia county or municipality in lawsuits challenging the validity of similar assessments for fire protection or public safety services, a current member of the Richmond Hill City Council, or the Mayor of Richmond Hill.

A Final Approval Hearing will be held on July 1, 2026 at 9:00 a.m. at the Bryan County Courthouse to determine among other things: (1) whether to finally certify the Settlement Class; (2) whether the proposed Settlement should be granted final approval; (3) whether Class Counsel's request for an award of attorneys' fees, expenses and service award to Class Representative should be approved; (4) whether the Lawsuit and the Class Members' claims against The City of Richmond Hill, Georgia should be dismissed; and (5) whether final judgment should be entered. If no objections are filed, the Court may elect to hold the hearing telephonically or virtually. If you are a member of the Class as defined above, your rights may be affected by the proposed Settlement as set forth in the Order and Judgment.

You do not have the right to exclude yourself from the Settlement in this Lawsuit, but you do have the right to object in writing. Any objection by a Class Member must be postmarked on or before June 1, 2026 and must comply with the requirements stated in paragraph 19 of the Preliminary Approval Order, a copy of which can be found at www.RichmondHillFireFeesSettlement.com.

After the Settlement has been approved by the Court, if you still own the property for which a refund is determined to be owed, you will not be required to do anything to receive your refund. If you no longer own the property for which a refund is determined to be owed, after the Settlement has been approved by the Court, you will receive a Claim Form. The Claim Form will be sent to your current address or your last known address. If you receive a Claim Form you will need to complete and return it as instructed on the Claim Form in order to receive the refund.

If you are a member of the Class and have not yet received the Full Notice of this Settlement, or if you want more information regarding anything in the Publication Notice, you may obtain such information by visiting www.RichmondHillFireFeesSettlement.com, calling the Claims Administrator's office at (800) 345-0837, calling Class Counsel at (912) 638-5200, or writing Class Counsel at ROBERTS TATE, LLC, Post Office Box 21828, St. Simons Island, Georgia 31522. DO NOT CONTACT THE COURT, THE CLERK'S OFFICE, OR THE JUDGE REGARDING THIS NOTICE. THEY WILL NOT BE ABLE TO ANSWER YOUR QUESTIONS.

The Lawsuit

10.

Named Plaintiff retained Roberts Tate, LLC and Manly Shipley, LLC and agreed to be a class representative in this Lawsuit against Defendant City of Richmond Hill, Georgia (the “**City**” or “**Defendant**”) to recover refunds on behalf of itself and similarly situated taxpayers for illegal taxes levied and assessed in the form of fire fees (the “**Fire Fees**”) for 2018 to present. This Lawsuit is a refund class action and alleges that the City failed to comply with the Georgia Constitution and the Georgia law in assessing and levying Fire Fees.

11.

Our firms conducted early, informal discovery, including investigation of facts, the law and extensive analysis and calculation of refunds potentially owed. Our firm issued numerous Open Records Requests (“**ORRs**”) to the City for documents. From the documents provided pursuant to the ORRs and the informal discovery provided by the City, we thoroughly researched the facts of this Lawsuit and were able to determine the total potential damages and number of potential class members.

12.

The early, informal discovery and the research of the legal basis for this Lawsuit was conducted prior to filing the Complaint and before conducting settlement discussions with the City.

13.

The City is represented by Ray C. Smith and Benjamin Perkins who are extremely capable counsel and were worthy, highly competent, and professional adversaries.

14.

After thoroughly investigating the facts of this Lawsuit and filing the Complaint, the Parties began resolution discussions and continued such discussions for several months.

15.

Ultimately, the parties were able to reach a resolution (the “**Settlement**”). The Settlement is memorialized in the Order and Judgment (the “**Order and Judgment**”).

16.

The City’s attorneys mounted defenses, and the Order and Judgment was only reached after negotiations concerning the parameters and provisions of a fair, reasonable and adequate settlement.

17.

After reaching a settlement, Named Plaintiff and the City filed a Joint Motion for Preliminary Approval of Class Action Settlement, Preliminary Certification of Settlement Class, Approval of Notice Program and to Schedule Final Approval Hearing, which the Court granted on November 19, 2025 (the “**First Preliminary Approval Order**”). Dkt. No 77.

18.

In such First Preliminary Approval Order, the Court provisionally certified one (1) class consisting of *all taxpayers within the City who paid a Fire Fee at any time between November 7, 2018, and the date of the Court's final approval of the Order and Judgment*, scheduled a final approval hearing (the “**First Final Approval Hearing**”) for January 6, 2025 at 9:00 a.m., and directed that notice of the proposed settlement and the First Final Approval Hearing be provided to the provisionally certified class, including through first class mail, publication, and creation of a settlement webpage.

19.

Unfortunately, due to the brief period between the Court's entry of the First Preliminary Approval Order and the First Final Approval Hearing and the intervening Thanksgiving and Christmas holidays, counsel for Named Plaintiff was alerted shortly before the First Final Approval Hearing of issues with the Court ordered notice procedure. Specifically, at least some of the required notices to the provisionally certified class members were mailed as late as December 19, 2025, apparently resulting in the delivery of some notices after the objection deadline on December 27, 2025; the final publication notice ran after the objection deadline on December 30, 2025; and the City created settlement webpage was not actually “live” until shortly before or after the objection deadline on December 27, 2025.

20.

Moreover, a late objection to the initially proposed settlement was filed by prospective class member Thompson, O'Brien, Kappler & Nasuti, P.C. (“**TOKN**”) objecting to the adequacy of notice among other things. TOKN is a law firm currently representing Bryan County, Georgia, Randolph County, Georgia, Sumter County, Georgia, and Augusta-Richmond County, Georgia, in

similar class actions challenging local government assessment of so called “fees” as illegal taxes. TOKN’s involvement and objection to the initially proposed settlement consequently alerted counsel for Named Plaintiff to the existence of a significant conflict of interest between TOKN and the remaining prospective class members.

21.

Namely, TOKN has a substantial interest in (1) avoiding the appearance of any acquiescence in Named Plaintiff’s argument by not objecting to the underlying basis for and accepting a refund in this case and (2) seeking the disapproval of any proposed settlement in this case so as to bolster its arguments in the aforementioned class actions that the involved charges are proper “fees” or, as asserted by the Objectors, that there is no *ad valorem* requirement for taxes on real property.

22.

Thus, after considering the notice issues coupled with the conflict presented by TOKN’s objection, counsel for Named Plaintiff requested and agreed to the postponement of any Court approval of the initially proposed settlement to avoid any unnecessary and costly appeal and afford counsel time to address the notice deficiencies and the conflicts in the proposed class.

23.

Named Plaintiff and the City then revised the settlement, particularly the proposed class definition, and filed a Second Joint Motion for Preliminary Approval of Class Action Settlement, Preliminary Certification of Settlement Class, Approval of Notice Program and to Schedule Final Approval Hearing, seeking certification of one (1) class consisting of *all taxpayers within the City who were assessed and paid the Fire Fee at any time between November 7, 2018, and the date of final approval of this Settlement, excluding all attorneys and law firms currently representing*

any Georgia county or municipality in lawsuits challenging the validity of similar assessments for fire protection or public safety services, the current members of the Richmond Hill City Council, and the Mayor of Richmond Hill.

24.

The Court granted the Parties' Second Joint Motion for Preliminary Approval on April 30, 2026 (the "**Second Preliminary Approval Order**"), finding "for settlement purposes, that the O.C.G.A. §9-11-23 factors are present and thus certification of the proposed Settlement Class is appropriate", provisionally certified the revised proposed class, scheduled a final approval hearing (the "**Second Final Approval Hearing**") for July 1, 2026, at 9:00 a.m. and directed that notice of the Order and Judgment and the Final Approval Hearing be provided to the provisionally certified class. The Court further directed that (1) notice be mailed by first class mail to all Prospective class members to their last known addresses as appearing in the records maintained by the City (the "**Full Notice**"); (2) an advertisement be placed in the Bryan County News (the "**Publication Notice**"); and (3) a webpage be created (the "**Settlement Webpage**") where Prospective class members can access documents related to the Lawsuit (the "**Notice Program**").

25.

The Order and Judgment was negotiated at arm's length without collusion. There are no agreements in connection with the Settlement other than specifically articulated in the Order and Judgment.

26.

Pursuant to the Preliminary Approval Order, the period for filing timely objections ended on June 1, 2026. Objections were received from Carter Infinger, a Bryan County Commissioner (“Commissioner Infinger”), Karen Infinger, the wife of Commissioner Infinger (“Mrs. Infinger”), and EJWJ Properties, LLC, the managing member of which is William Wallace who is also a Bryan County Commissioner (“Commissioner Wallace”) (Commissioner Infinger, Mrs. Infinger and Commissioner Wallace are hereinafter referred to as the “Bryan County Objectors”). The Bryan County Objectors are not members of the class for which final approval is sought.

27.

In light of the existence of the same conflict in Objectors that existed in TOKN which led to the amended class definition approved by the Court pursuant to the Second Motion for Class Certification, Named Plaintiff seeks final approval of the following class:

all taxpayers within the City who were assessed and paid the Fire Fee at any time between November 7, 2018, and the date of final approval of this Settlement, excluding:

- a. *all current members of the Richmond Hill City Council, the Mayor of Richmond Hill including such members’ and Mayor’s spouses and adult household members and any privately held entities in which they are members, shareholders, managers, officers, or directors;*
- b. *all current members of the Bryan County, Georgia Board of Commissioners and Commissioners, City Council Members and Mayors of any Georgia county or municipality defending lawsuits challenging the validity of similar assessments for fire protection or public safety services , including their spouses and adult household members and any privately held entities in which they are members, shareholders, managers, officers, or directors;*
- c. *all attorneys, including their spouse and adult household members and any privately held entities in which they are members, shareholders, managers, officers, or directors, and law firms currently representing any Georgia county or municipality in lawsuits challenging the validity of similar assessments for fire protection or public safety services; and*

- d. *any judge or judicial officer presiding over this matter, including their spouse and adult household members, and any privately held entities in which they are members, shareholders, managers, officers, or directors*

(the “Revised Refund Class” or the “Revised Settlement Class”).

28.

There were no objections received from members of the proposed class for which final approval is sought. Of the approximately fifteen (15) calls received, no one objected to the Settlement. Most of the calls were requesting general information about the Settlement. Those who have contacted counsel have uniformly been supportive of the proposed Settlement.

29.

Therefore, the Settlement was approved overwhelmingly by the Class Members.

30.

The Parties engaged in extensive arm’s length settlement negotiations. Discussions concerning the terms of the Settlement were conducted by senior attorneys from both sides. All participants in the settlement discussions were experienced in prosecuting and negotiating multimillion-dollar complex class action cases such as this Lawsuit. Each side had a thorough understanding of the allegations regarding the aggregate damages owed, the facts in support of the amount owed and the defenses thereto. Counsel for both parties zealously represented the best interests of their clients.

31.

The terms of the Settlement are set forth in the Order and Judgment and covers refunds for taxes paid from November 7, 2018, to present.

32.

Despite such complexities, anticipated legal hurdles, and limitations on the possible range of discovery, should the Court approve the Order and Judgment, it is estimated that the Class Members will recover up to sixty percent (60%) of the total calculated refund due less fees and expenses as well as an injunction preventing the City's continued assessment of the Fire Fee.

33.

Indeed, in similar class actions brought by Named Plaintiff's counsel, the settlements approved therein did not all include an injunction and amounted on average to thirty-six percent (36%) of the total calculated refund due less fees and expenses, twenty-four percent (24%) less than the Class Members stand to receive here. *See Deer Run Timber, LLC v. Johnson County*, Civil Action No. 2023-CV-0125, Superior Court of Johnson County, Final Approval Order (February 10, 2025) (approving settlement of forty-five percent (45%) of total refund due); *Grange Investments, LLC v. City of Port Wentworth*, Civil Action No. SPCV23-00216-KA, Superior Court of Chatham County, Final Approval Order (June 10, 2025) (approving settlement of twenty eight percent (28%) of total refund due); *Steven Schreck v. Brooks County*, Civil Action No. 23-CV-00067, Superior Court of Brooks County Final Approval Order (August 18, 2025) (approving settlement of eighteen percent (18%) of total refund due); *DRT Investments, LLC v. Emanuel County*, Civil Action No. 25CV00072, Superior Court of Emanuel County, Final Approval Order (November 5, 2025) (approving settlement of thirty seven percent (37%) of total refund due); and *Bobby Black v. Garden City, Georgia* Civil Action No. SPCV25-01358-ST, Superior Court of Chatham County, Final Approval Order (June 9, 2026) (approving settlement of nineteen percent (19%) of total refund due).

34.

The facts of this Lawsuit have been thoroughly researched. Class Counsel spent a substantial number of hours investigating the potential refund claims. We analyzed the potential refund claims for 2018, 2019, 2020, 2021, 2022, 2023, 2024, and 2025.

35.

Legal issues have been thoroughly researched, and I have briefed and argued the same refund issues in other tax refund and tax appeal matters involving alleging that a charge was in fact an unlawful tax rather than fee. I am very familiar with the statutory requirements for refund matters under O.C.G.A. § 48-5-380 (the “**Refund Statute**”).

36.

This information was essential to our ability to understand the facts, scope of the refund claims, pertinent evidence, legal and factual arguments and potential defenses, and the number of and amount of potential refunds owed to the Class.

37.

In sum, the Settlement represents an excellent result. It is the opinion of Class Counsel that the Settlement achieved in this Lawsuit is fair, reasonable, and adequate under the circumstances. For all the reasons cited above and more, Class Counsel recommends final approval of this Settlement.

38.

Each of the above-described efforts taken was essential to achieving the Settlement and the excellent results for the Class.

39.

Final approval of the Settlement will avoid complex, expensive, and continued lengthy litigation, saving resources of the Parties and the Court as trying this Lawsuit to verdict would involve expert involvement, extensive argument and voluminous briefing, and possible *Daubert* challenges and appeals.

40.

the Atlanta expenses were incurred after Class Counsel discovered Aaron Kappler, the Bryan County Objectors' counsel, was travelling to Atlanta, Georgia and testifying before and petitioning the Georgia Legislature to amend O.C.G.A. § 48-5-380 (the "**Refund Statute**") to disallow class actions seeking a refund of illegally assessed taxes with such amendment applying to this action. See Senate Judiciary Committee Hearing, March 5, 2026 beginning at 10:04, <https://www.youtube.com/watch?v=ptMCPhOJnIE&t=513s>. Upon learning of this effort to change the rules of the game during the game, Class Counsel likewise travelled to Atlanta, Georgia to represent the interests of Georgia's taxpayers and the members of the class at issue on the importance of preserving the right to seek refunds on a class basis under the Refund Statute. This action and the settlement proposed herein at the time being the most hotly contested by Aaron Kappler and his clients, it seemed the most appropriate in which to bill the expenses associated with Class Counsel's trip to Atlanta, Georgia. Nonetheless, Class Counsel has no opposition to the Court declining to approve a reimbursement of the referenced expenses the Bryan County Objectors claim are unreasonable if it determines such action to be in the best interests of the prospective class members.

41.

Since the Application for Attorney's Fees, Reimbursement of Expenses and Service Award to Class Representative was filed with the Court on May 18, 2026, Class counsel has incurred additional litigation expenses and costs for a total amount of \$922.96 bringing the total expenses to \$55,123.41. The charge for \$52.07 for lunch on March 12, 2025 followed a settlement discussion meeting with opposing counsel. A description of the additional expenses is attached hereto. Should the Court find that the cost of the second notice, Atlanta travel and lunch expenses were not reasonably incurred the total amount of expenses would be \$29,503.52.

42.

The total number of hours incurred in this matter by class counsel including Roberts Tate, LLC and Manly Shipley, LLC is over 679 hours.

FURTHER AFFIANT SAITH NOT.
